## Directv package prices after 12 months

My bill went up somewhere around \$80 after 12 months. This price is way out of control, I have considered lowering my plan, but to get the channels that I watch I only save \$20. It's a disappointment, I'm considering canceling my service. That's bad enough I was ducked for my service months before it was fixed, I had nothing but unhappiness with this service from the day I called to install it. I was promised a \$100 rewards card that I never received. I need help or I will cancel my service. DIRECTV offers a variety of plans and pricing for you to find one that is right for you.
